How to Submit a OneApp

You will need a valid email address and your child's OneApp ID to submit an application. Email OneApp@EnrollNOLA.org if you need help accessing your child's OneApp ID.

▶ Visit www.EnrollNOLA.org

From the top menu, click "How To Enroll" / Submit An Application for Next Year (2018-2019)
Review the information on the page, then click "Apply Now."

▶ Log in to the parent portal, oneapp.force.com

▶ Create your application

- From the top menu bar on oneapp.force.com, click on the 'Apply Now' tab.
- Click "Add Student to My Family" at the bottom right corner of the Family Profile. Click "Apply" next to the student's name.

If you do not have a parent portal account:

- Go to oneapp.force.com and click "create an account." Please use a valid email address.
- A temporary password will be sent to the email you used to create your account.

▶ Review your application

- If you're applying to transfer schools, only list choices you would prefer MORE than your current school. If you apply and are assigned to a school you choose on your OneApp, you will lose your seat at your current school.
- If you'd like to continue to attend your current school next year, you should NOT submit a OneApp.

▶ Submit your OneApp!

- Main Round placement results will be available April 2018. You will be able to view the results in your parent portal.

Not sure if you should apply?

You should submit a OneApp if your student is:

- **New** to New Orleans or new to public schools
- **Seeking to transfer** from their current school to a new school for the 2018-2019 School Year
- **A transitional student**, which means their current school does not offer their expected grade next school year. (For example, your child will advance from 8th grade to high school)

Do NOT submit a OneApp if your student would like to remain at his or her current school.
