Click “My School Placements”

The “My School Placements” page in your OneApp account will include detailed information regarding your child’s placement and your next steps, including your notification letter and match results. Please be sure to carefully read all instructions.

Register at your assigned school

Once you have received your placement results, you must register at your assigned school by June 14, 2019.

If you have received an assignment to a new school for the upcoming year, you must register at your assigned school by June 14, 2019 (May 24 for Scholarship schools).

If you did not receive a match, please review your notification letter for details of why and what next.
