ONEAPP PROCESS

Nearly all New Orleans public schools follow a single application timeline, through OneApp; a few others provide their own application. Check your preferred schools’ profiles for more information about admissions deadlines and requirements.

STEP 1: Contact schools about open houses and visits
We recommend visiting the schools you intend to apply to. Schools may provide tours or host open houses to give families the opportunity to meet teachers, staff and learn more about the school’s offerings. You can view each school’s contact information on their school profile.

STEP 2: Apply! OneApp Main Round and Non-OneApp school applications open
Families interested in applying to OneApp participating schools may submit an application in the Parent Portal on our website. K-12 families can list up to 12 schools. Please note that each school has its own priority structure and eligibility requirements. Some schools also follow an early application deadline. You can view each school’s entrance requirements on our website. You can learn about the process to apply for Non-OneApp schools by visiting their individual websites.

STEP 3: Main Round application results released, register at your assigned school
Families will receive an email and text notification when results are available. You will be able to log-in to the Parent Portal on our website to view your results. After you have received your results, you must register at your assigned school by the registration deadline. If you plan to attend a private or non-participating OneApp school, you may decline your seat in the Parent Portal.

STEP 4: Missed Main Round? Apply in Round 2
If you missed the Main Round application window, or if you did not receive a placement in the Main Round, you can submit a Round 2 application. It is important to note that there may be limited or no seats available for schools that filled during the Main Round. Also, please keep in mind that non-public schools will not participate in Round 2. We encourage families to still rank their most preferred school choice first, but also list other schools with projected availability, posted on our website.

STEP 5: Round 2 results released, register at your assigned school
Like Main Round, families will receive an email and text notification when results are available. You will be able to log-in to the Parent Portal, oneapp.force.com, to view your results. After you have received your results, you must register at your assigned school by the registration deadline.

STEP 6: Still need a school? Participate in Late Enrollment
If you missed the application window or still need a school, you will have the opportunity to participate in Late Enrollment. Late Enrollment is a first-come, first-served process based on current seat availability.
ACKNOWLEDGMENTS

THANK YOU

To school leaders, for providing comprehensive information to the New Orleans community.
To community organizations, for helping distribute and orient families to this guide.
To Abbey Printing, for their continued partnership and tireless, meticulous production work.
To parents, grandparents, advocates, and guardians, for the honest feedback they have provided, which has shaped and will continue to shape the content of this guide.

The School Guide is published by NOLA Public Schools. All information contained herein was verified directly with schools and/or the Louisiana Department of Education. This information is subject to change. Errors and omissions may be reported at nolapublicschools.com. Once verified, corrections will be made to the online version.
INTRODUCTION

In New Orleans, families can apply to attend any public school in the city. We created this guide to help parents understand the New Orleans system of public schools and find the best schools for their children. While we worked hard to make sure that the information included in this guide is correct, we encourage all families and community members to help supplement the information in this guide by calling or visiting schools for the most current information, and by alerting our team to potential omissions or errors published here. Some questions to ask and things to look for when visiting a school can be found later in this book.

We hope you find this guide helpful in understanding your public school options. If you need additional assistance, please know that our team is here to help.

¿Necesitas información sobre la escuela en español?
Para familias que hablan español, el NOLA Public Schools tienen empleados que hablan su idioma y pueden hablar de sus opciones de escuelas en Español. Usted puede llamar a la NOLA-PS al 877-343-4773 para ayuda en español.

¿Quy phụ-huynh có cần biết thêm chi tiết bằng tiếng Việt không?

Family Resource Centers

Our Family Resource Centers serve New Orleans from three convenient locations. Visitors are welcome to drop in on an as-needed basis during our operating hours. Please visit nolapublicschools.com for locations and hours.

All Family Resource Centers provide the following services:

- Public school enrollment
- Early Childhood eligibility verification
- Assistance with OneApp application submission and results
- School guidance
- Louisiana Scholarship Program application submission and results
- Work permits for eligible minors

NEW ORLEANS PUBLIC SCHOOLS

Charter schools are public schools that are governed by independent, non-profit school boards. Like all public schools, charter schools must be free and must serve all assigned students. Most charter schools are open to any Orleans Parish student, but some may have selective criteria based on their unique programming, such as a foreign language assessment for a language immersion school. On each school’s page in this book, the “Requirements” field in the “How to Enroll” section explains how students are admitted.

Each school has an “authorizer,” which is the entity that has authorized the school to operate, and is responsible for holding the school accountable for upholding its policies, and serving families well and fairly. The Board of Elementary and Secondary Education (BESE) authorizes Type II charter schools and NOCCA, while the Orleans Parish School Board (OPSB) authorizes all other public schools in Orleans Parish.

In order to remain open, charter schools must show either consistently acceptable academic performance, or improvement in performance over time, as measured by student test scores and progress. Once a charter school’s contract expires, the school’s authorizing board determines whether to renew the schools’ contract based on historical school performance. Schools must meet an acceptable level of performance to continue to have the privilege of serving families, thereby helping maintain a high quality school system.

APPLYING TO SCHOOL

FINDING A GOOD SCHOOL FIT

Before you apply, research your options and narrow your list of choices to schools you know can meet your child’s academic, emotional, and social needs. Try thinking through your school choices using these five steps:

1) What does your child like about school? Academics, sports, music? How would the ideal school provide these things?
2) What about practical matters? Do you want your child at a school close to home? How will you get to and from school?
3) Research your school options to find schools that fit. The School Guide is a good place to start.
4) Visit your favorite schools. See how schools look and feel, and speak with leaders, teachers, and families.
5) Narrow down your list. But only after you’ve asked yourself what you need, researched options, and visited schools!

Research school programs by reviewing the profiles in this guide, which includes all public schools in New Orleans.

APPLICATION PROCESSES

Most New Orleans public schools participate in OneApp, a centralized, online school application. K-12 families may apply to up to 12 schools on their OneApp. Applicants are matched to a chosen school through a lottery.

Apply at oneapp.force.com. Families who need assistance may visit any of our three Family Resource Centers. Family Resource Center hours and locations can be found at nolapublicschools.com.

If you’re interested in non-OneApp participating schools, contact those schools directly to confirm the application process, requirements, and deadlines. Most non-participating schools have a mid-January admissions deadline. Each school uses its own criteria and procedures to enroll applicants.

FREQUENTLY ASKED QUESTIONS

WILL ALL MY CHILDREN BE ABLE TO ATTEND SCHOOL TOGETHER?

For OneApp schools, if a student applies to attend a school their sibling will attend for the upcoming year, that student will receive sibling priority during the placement process. Family Link helps keep siblings together when they apply to change or enter schools at the same time. If a parent submits a OneApp for each child listing the same choices in the same order, the students will be family-linked. OneApp will try to assign students to the same school if possible.

For non-OneApp schools, each school determines its own sibling policy. Most schools give sibling priority but you should check with individual schools for details. Family link does not exist for non-OneApp schools.

HOW IS MY ADDRESS CONSIDERED FOR SCHOOL ENROLLMENT?

New Orleans no longer has traditional neighborhood schools. Instead, students from all over the city may apply to attend the school of their choice. Most schools prioritize enrollment of applicants who live close to the school. For OneApp schools, this is called “geographic priority.” For more information, visit nolapublicschools.com

HOW ARE STUDENTS WITH SPECIAL NEEDS CONSIDERED?

If your child has a physical, behavioral, or learning exceptionality, you and your child have protections under federal and state law, such as the Individuals with Disabilities Educational Act (IDEA), Section 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act (ADA). Public schools cannot turn your child away because of a disability. Louisiana Scholarship Program does not consider a student’s disability when assigning students. Some nonpublic schools do NOT offer special education services. Contact desired school(s) to confirm they meet your child’s needs.

WHAT ARE SCHOOL PERFORMANCE SCORES?

School Performance Scores (SPS) are given to schools by the Louisiana Department of Education, based on things like student test results, high school credits earned, and high school graduation rates. SPS can be used to determine how well a school is preparing its students in core subjects, and whether the school is meeting expected progress benchmarks. A school that has a low score for several years without improvement may be closed or taken over by a different operator.

WHAT ARE GROWTH SCORES?

Student progress measures the rate at which students are progressing towards mastering the key skills they need to be successful in the next grade level. This rating recognizes the growth students achieve throughout the school year, rather than just recognizing their performance on end-of-year assessments.

HOW MANY SCHOOLS SHOULD I APPLY TO?

The number of schools you should apply to depends on your family’s circumstances. Always apply during the Main Round for OneApp schools. Research your school options and select as many schools as meet your child’s needs.

Here are three common scenarios that may help you determine how many schools to apply to:

NEW STUDENT:

Student is not enrolled in public school OR does not have a spot for next year.

EX: student entering kindergarten or 9th grade.

How many schools should I apply to?

We recommend listing 12 schools on your OneApp if you do not have a school for the upcoming year.

Remember that listing more choices on your OneApp does not hurt your chances of being assigned to your top choices.

CURRENT STUDENT:

Student is enrolled in a public school and could return next year.

EX: 1st grade student who will move to 2nd grade at a K-8 school.

How many schools should I apply to?

Only apply to schools you prefer MORE than your current school.

If your child is assigned to a school you select on your OneApp, your child will lose their seat at their current school. Only apply if you are sure you want to transfer.

NON-PUBLIC SCHOOLS:

Student is considering enrolling in a nonpublic school, but interested in some public schools.

EX: family who has a couple public school choices, but may ultimately enroll in private school.

How many schools should I apply to?

You should apply only to the public schools you are truly interested in attending.

Remember that listing more choices on your OneApp does not hurt your chances of being assigned to your top public school choices.
AKILI ACADEMY OF NEW ORLEANS
Grades Served PK4 - 8 | www.akiliacademy.org/ | (964) 355-4172
3811 North Galvez St, 70117

Akili Academy of New Orleans prepares scholars to excel in rigorous high schools, to succeed in college, and to strengthen their community-oriented character.

KEY INFORMATION
Principal: Allison Lowe
Hours: 9:00 AM-4:30 PM
Bus Services: Yellow Bus - For Qualifying Orleans Parish Students
Uniforms: Mandatory | Average cost $40 - $49

STUDENT PROGRAMS AND SUPPORTS
Academic Support: Features & Programs: high school credit and college prep courses, personalized learning, daily academic interventions, enrichment, athletics, extra-curricular clubs | Tutoring: RTI during school day | Weekend Classes: None | Extended Year: Not Applicable
Language Instruction: No foreign language instruction
Special Needs Model: Services provided in regular education classroom (inclusion) and in pullout/resource setting based on student needs; gifted and talented services offered
Limited English Model: ESL services provided as needed; Small-group ESL services; Individualized plans and support; Inclusion with targeted support and pull-out as needed.
Student Support Staff: Full-time staff: 504 Coordinator; Academic Interventionist(s); Alumni Support Team; Behavior Interventionist(s); Clinical Psychologist; Guidance Counselor(s); Instructional Coach(es); Mental Health Counselor(s); Nurse(s); Psychologist; Social Worker(s); SPED Coordinator; Speech Pathologist | Part-time staff: Intern Social Worker(s)
Before/After Care: None available

SCHOOL CULTURE AND EXTRACURRICULAR ACTIVITIES
Family Involvement: Parent Organization meets every month and helps plan school and community events. | Student Council in Grades 6-8
Behavior Model: Bullying prevention; Character education / personal responsibility; Conflict resolution; Holistic discipline; Incentives and rewards system; Logical consequences system; Positive behavior intervention and support (PBIS); Positive environment, community and relationship building; Response to Intervention (RTI); Restorative Classroom model; Restorative practices; Social / emotional intelligence
Extracurriculars: Enrichment program includes visual, dramatic and performing arts as well as drumline, one-to-one differentiated instruction during personalized learning lab during regular school day.
Sports: CLUB Sports: basketball, cheerleading, flag football, football, outdoor track & field, soccer, step team, volleyball

HOW TO ENROLL | APPLICATION PROCESS: OneApp process | Deadlines: See NOLA Public Schools Website
Requirements: Open enrollment, no academic entrance requirements.

SCHOOL PERFORMANCE
School Performance Scores (SPS) are given to schools by the Louisiana Department of Education, based on things like student test results, high school credits earned, and high school graduation rates.

SPS can be used to determine how well a school is preparing its students in core subjects, and whether the school is meeting expected progress benchmarks. A school that has a low score for several years without improvement may be closed or taken over by a different operator. Schools that were taken over by a new operator, such as another charter management organization, may receive a letter grade of “T” in their first two years under new management, to account for this transition.

STUDENT GROWTH GRADE
Student progress measures the rate at which students are progressing towards mastering the key skills they need to be successful in the next grade level. This rating recognizes the growth students achieve throughout the school year, rather than just recognizing their performance on end-of-year assessments.

Grades Served 9 - 12 | www.kippneworleans.org | (504) 373-6255
3820 St Claude Ave, 70117

KIPP Renaissance High School prepares students for the rigors of college, without sacrificing a high school experience deeply rooted in the fabric of New Orleans, where they can create numerous happy memories. We aim to prove that these dual intentions are not mutually exclusive for our students. This is a place where kids want to learn, parents want to send their kids, teachers want to teach, and leaders want to lead.

Requirements: Open enrollment, no academic entrance requirements. Open to residents in any Louisiana parish.

Non-traditional high schools are schools designed to meet the needs of students who may have struggled in a traditional high school setting, be seeking vocational training, need a flexible schedule, or have fallen significantly behind in traditional age or grade requirements for high school graduation.

These schools may have smaller classes, more individualized attention, and intensive academic and behavioral supports, as well as opportunities for technical certifications, apprenticeships, or internships not available at most high schools. However, they may not have other features of a traditional high school, such as team sports or marching bands.

Because alternative high schools are not designed for a traditional high school student, School Performance Scores and Letter Grades do not effectively measure school quality. Therefore, the data metrics included for traditional high schools are excluded for these pages. These schools participate in the OneApp Application process.

Non-traditional high schools are schools designed to meet the needs of students who may have struggled in a traditional high school setting, be seeking vocational training, need a flexible schedule, or have fallen significantly behind in traditional age or grade requirements for high school graduation.

GLOSSARY OF TERMS

ACADEMIC ADMISSION REQUIREMENTS — Selective criteria used by some schools to determine student eligibility such as foreign language readiness or academic performance.

BEFORE AND AFTERCARE — Service provided to students beyond normal school hours. This time is generally used to provide students with extra study time, arts enrichment, or physical education.

BOARD OF ELEMENTARY AND SECONDARY EDUCATION (BESE) — 11-member state board that sets policy for Louisiana public schools. 8 members are elected from districts around the state, and 3 members are appointed by the Governor.

CHARTER ORGANIZATION — Non-profit organization governing one or more charter schools. Charter organizations are led by a board that must hold regular open meetings and provide appropriate notice of meetings.

CHARTER SCHOOL — Public school governed by an independent non-profit school board. Charter schools are free and must serve all assigned students. Most are open to any Orleans Parish student, but some may have selective criteria.

EVALUATION — A process of determining if a child has special learning needs.

GEOGRAPHIC PRIORITY — Students are given the opportunity to attend schools close to home if they choose, while giving fair access to students who would prefer to attend schools farther from home. Geographic priority is determined by "geographic zones," a way of splitting up the city into zones. Applicants who live within 0.5 miles of a school will receive priority to 25% of open seats; applicants who reside in schools' "geographic zones," will still receive priority to 25% of open seats. The remaining 50% of available seats are not given geographic priority and are available to students who live further away.

INCLUSION / INCLUSIVE EDUCATION PRACTICES — Policy of providing services to students with special learning needs, including gifted students and speakers of languages other than English, in a general classroom setting. The student is included in the regular education program rather than being separated into special education classes.

INDIVIDUALIZED EDUCATION PLAN (IEP) — Plan developed by the parents and teachers of a student with special learning needs, which outlines the student's program and educational services needed. Federal special education law (IDEA) requires that all children with disabilities or exceptional talents have an IEP.

INDIVIDUALS WITH DISABILITIES EDUCATION ACT (IDEA) — Federal law that mandates that all school-aged children with disabilities have access to a free, appropriate public education.

LOTTERY — Process of randomly selecting students from a pool of applicants. All charter schools use lotteries if they receive more applications for admission than they have available spaces.

NON-TRADITIONAL SCHOOLS — Schools designed to meet the needs of students who may have struggled in a traditional high school setting, seeking vocational training, or have flexible schedules. These schools offer vocational opportunities and flexible schedules, but may not have other features of a traditional high school.

OPEN ENROLLMENT — School that does not have selective admission requirements and is open to all grade-appropriate applicants.

SIBLING PRIORITY — If a student applies to attend a school their sibling will attend for the upcoming year, they receive sibling priority during the placement process.
